Are you interested in leading an innovative team at the forefront of developing and implementing appliance efficiency compliance policies? Do you want to work on implementing model programs emulated around the globe that deal with the greatest energy, environmental and economic issues of our time? Are you ready to make a difference in the world? Then this may be just the job for you!

The Appliances and Process Energy Office of the Efficiency and Renewable Energy Division is seeking to hire an Energy Commission Supervisor II (Efficiency). The supervisor will be responsible for an interdisciplinary staff of scientists and engineers tasked with implementing the Energy Commission's Appliance Energy Efficiency Program including:

- Updating, developing and adopting appliance efficiency regulations for appliances sold or offered for sale in California;
- Coordinating with other state agencies to meet energy efficiency objectives contained in the Governor's interagency initiatives (Green Jobs Plan, Energy Action Plan, AB 32 Scoping Plan) and as directed by the Legislature (AB 1109; SB 454);
- Coordinating the development of new or revised appliance efficiency standards that build on Public Interest Energy Research (PIER) research;
- Conducting necessary implementation, compliance and enforcement activities to ensure that the energy savings from the state and federal standards are realized;
- Planning and organizing Commission participation in collaborative efforts with utilities, industry, and non-governmental organizations to implement market measures to achieve non-standard based energy efficiency opportunities.

DUTIES AND RESPONSIBILITIES:

- Planning, organizing and directing the work of staff to carry out the above activities.
- Providing supervision, motivation, career development performance reviews, personnel actions and training.
- Working with stakeholders and interest groups and providing customer service leadership.

DESIRABLE EXPERIENCE/QUALIFICATIONS: The successful applicant should have

- Highly developed written and oral communication skills.
- Ability to train and supervise staff in their production of timely quality work products.
- Ability to promote staff development.
- Proven ability to direct, motivate and earn the respect of staff.
- Ability to adjust programs and schedules to accommodate needed changes.
- Experience as a motivated self-starter.

WORKING CONDITIONS: Work is performed indoors in an office setting.

WHO MAY APPLY: All interested eligible persons are encouraged to apply. Applicants must have either transfer, list, reinstatement, or SROA/Surplus eligibility. Please indicate your eligibility and RPA#410-345 for this classification on the state application form, STD. 678. Applications will be screened for experience and only the most qualified will be contacted for an interview. **TRAINING AND DEVELOPMENT ASSIGNMENTS WILL BE CONSIDERED.**
